

Premium White Poly Bubble Mailers

TUFFlex™ Premium White Poly Bubble Mailers are durable, air cellular cushioned mailers made with bubble material that maintains a layer of air for maximum cushioning. The seamless bottom increases cushioning protection and strength, while the fully laminated construction and high-slip air cellular lining provide superior stiffness and facilitate insertion.

- Barrier bubble lining retains air and cushioning much longer than non-barrier bubbles
- Multi-layer post-industrial recycled content film is puncture, tear and water resistant.
- High strength hot melt adhesive closure provides additional tamper resistance and security.

Properties	Test Method	Requirement
Self-Seal Strength	ASTM D882 Tensile Strength	Minimum value 2.0 lb per inch
Side Seam Strength	ASTM D882 Tensile Strength	Minimum value 5.0 lb per inch
Exterior Film	Manufacturer Spec.	White (inside and outside)
Bubble Recycled Content – Recycled Plastic	Manufacturer Spec.	15% of the total resin weight
Crushed Bubble at Lip	Manufacturer Spec.	1/4"
Tolerances	Manufacturer Spec.	Width +/- 1/8" Length +/- 1/4"
